# OMNIA

PROCEDURE MASK  
PART NO. 1000-100

The OMNIA is our all-purpose, high-quality procedure mask that is proudly made in Canada. With its high-performance light-weight exterior and enhanced nose bridge seal the OMNIA provides surgical grade protection and comfort when you need it. We have applied our innovative technology and best practices in mask design and manufacturing to create the ultimate in personal protective equipment (PPE) for peace of mind in either healthcare settings or daily life.

## Product Specifications

Product Type	Procedure Mask
Model	OMNIA
Donning Style	Ear Loops
Colour	White
Size	One Size
Strap	Polyester / Spandex
Fabric Construction	Polypropylene non-woven
Nose Bridge	Aluminum
Packaging	Pack of 10
Per Box	50
Variations	ASTM Level 1/ Level 2 / Level 3

Healthcare Applications, Infection Control Practices, Protection from Airborne Pathogens

- Dye free
- Latex free
- Fluid resistant
- Electret filter
- Provides protection from small particle aerosols

# OMNIA

PROCEDURE MASK  
PART NO. 1000-100

## Medical Specifications

ASTM F2100-19 (Levels of protection)	LEVEL 1	LEVEL 2	LEVEL 3
BFE (ASTM F2101-19)	≥95%	≥98%	≥98%
PFE (ASTM F2299)	≥95%	≥98%	≥98%
Differential Pressure (EN 14683 Annex C)	<5.0 mm H <sub>2</sub> O/cm <sup>2</sup>	<6.0 mm H <sub>2</sub> O/cm <sup>2</sup>	<6.0 mm H <sub>2</sub> O/cm <sup>2</sup>
Fluid Resistance (ASTM F1862)	80 mmHg	120 mmHg	160 mmHg
Flammability (16 CFR Part 1610)	Class 1	Class 1	Class 1

Eclipse Innovations is an Eclipse Automation company. The Innovations group was developed at the start of the COVID-19 crisis, as a direct response to find efficient, reliable solutions given our expertise in the medical device industry.

The Innovations team scoured the globe for best practices in mask automation and manufacturing and then improved upon everything we learned in order to create the ultimate mask products for Canadians, by Canadians.
